

PAKON PRO MOUNTER

Simple, reliable and affordable

Whether you need to mount that occasional roll of film or have regular daily slide production requirements, Pakon's Pro Mounter can make the job easier.

For low volume slide production, the Pro Mounter's simple efficient design allows you to mount a 36 exposure roll of film—producing professional results—in less than three minutes. By minimizing much of the manual film holding, the Pro Mounter helps assure the ultimate safety of your valuable images.

The Pro Mounter is easy to use. Film is advanced with a thumbwheel, cut and inserted into Pakon re-usable slide mounts—a simple three step process that never touches the image area. It features a precise image alignment pointer for accurate film cutting and a long-life knife designed for clean, straight cuts.

Heavy duty suction cup legs secure the Pro Mounter to your light table which provides illumination for previewing your images and frame alignment in the mounter's film track. If you prefer, an optional light kit is available if you choose not to use it on your light table.

The Pro Mounter is versatile too! The 35mm model accommodates Pakon Pro Mounts for original camera films and Lock Mounts for pin registered film requirements.

The Pro Mounter is a powerful package offering quality and reliability at a very affordable price.

PAKON SLIDE MOUNTS AND ACCESSORIES

Slide Mounting Kits and Packages

Convenient packaging for photo hobby enthusiast or occasional low volume commercial requirements.

Pakon Professional Bulk Pack contains 500 Pro Mounts and a convenient hand mounting fixture.

Pakon Slide Mounting Kit includes 100 Pro Mounts and a convenient hand mounting fixture.

Plastic Slide Boxes

These sturdy opaque plastic boxes have clear, tight fitting covers. Slides store vertically in a "projection ready" position.

Available in 3 sizes:

26 count (1-1/2" x 2-1/4" x 2-1/4")

40 count (2-3/8" x 2-1/4" x 2-1/4")

80 count (4-3/8" x 2-1/4" x 2-1/4")

Cardboard Slide Boxes

Available in 24 and 36 exposure sizes, they feature an attractive gold finish, title reference on top and side, and are packed flat—200 per carton. No assembly required.

NEW Slide Boxes SW40

SW-40 Slide Boxes are a competitively priced alternative to cardboard boxes. These sturdy plastic boxes will hold 46 1.3mm mounts or 42 Pakon Hinged Mounts. Their flat design makes them ideal for use with envelopes. The boxes are shipped either assembled (lid assembled with bottom) or unassembled (lid and bottom ship in the same box but are not assembled).

Hand Mounting Fixture

This simple device (also included with Slide Mounting Kits) can be used to easily mount individual images into Pakon slide mounts. It is ideal for easy removal of images from Pakon slide mounts for scanning, duplication and remounting.

Slide Sleeving

Clear archival sleeving is the "customer preferred" method of slide packaging because it provides excellent protection and makes order editing easier. Optional suspension file hangers and ring binder strips make sleeving ideal for slide storage. Approximately 8,000 slides per 500' roll.
